

REED TYPE PUSHBUTTON SWITCHES

- Hermetically sealed contacts
- Life expectancy in the millions
- Low closed contact resistance
- Ideal for dry circuits
- Explosion proof
- Low bounce characteristics

KEYBOARD SWITCHES

- Low cost
- Immediate delivery
- Solid state types
- Free types

Magnetic Reed Burglar Alarm Concealed Door Switches

- No installation screws, nails or glue required.
- No magnet loss in hollow doors.
- Will operate through a big 1/2" gap.
- Six types: SPST-NO, SPST-NC, SPDT. Each available with supervisory loop.
- Guaranteed for 2 years or 10 million cycles.
- Lowest price.

KEYBOARDS

- Standard off-the-shelf
- Custom for O.E.M.'s
- Encoded or non-encoded
- Choice of "N" key rollover, 2 key rollover or 2 key lockout
- Large selection of key caps and space bars
- Any or all keys illuminated
- Fast delivery
- Low cost
