

## REED TYPE PUSHBUTTON SWITCHES

- Hermetically sealed contacts ■ Life expectancy in the millions
- Low closed contact resistance ■ Ideal for dry circuits
- Explosion proof ■ Low bounce characteristics

### KEYBOARD SWITCHES

- Low cost
- Immediate delivery
- Solid state types
- Reed types

### Magnetic Reed Burglar Alarm Concealed Door Switches

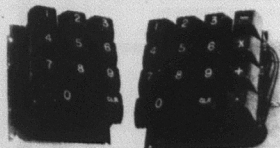

- No installation screws, nails or glue required.
- No magnet loss in hollow doors.
- Will operate through a big 1/2" gap.
- Six types: SPST-NO, SPST-NC, SPDT. Each available with supervisory loop.
- Guaranteed for 2 years or 10 million cycles.
- Lowest price.

## KEYBOARDS

- Standard off-the-shelf
- Custom for O.E.M.'s
- Encoded or non-encoded
- Choice of "N" key rollover, 2 key rollover or 2 key lockout
- Large selection of key caps and space bars
- Any or all keys illuminated
- Fast delivery
- Low cost
