

The foremost solution
to high volume, custom-design switch panels

Monopanel Touch Switches *from* **CENTRALAB**

Monopanel touch switches are designed to meet the most demanding switching needs. Each Monopanel enables us to economically manufacture many as 748 switches on a single panel that's only 11" x 17". Monopanel is a complete switch package that's thin, light, durable and 100% tested. More than 10 million failure-free switching cycles attest to its long operational life.

Add the touch of innovation to your product. Call your Centralab Representative for a demonstration, application help or information on prototyping panels, or write Centralab, Inc., a North American Phillips Company, 5855 N. Glen Park Road, P.O. Box 2032, Milwaukee, Wisconsin 53201.
