Switch to quality.

CHERRY SHINES

with new lighted pushbuttons.

Cherry makes your switch to a better switch a snap. Literally. Because our new pushbutton switches snap into industry-standard mounting holes. Bringing Cherry high-quality to your existing or new products.

Our new Series P4 snap-in pushbuttons are yours in a choice of momentary or alternate action. Choice of lighted or non-lighted...incan-

descent or LED. Single or double pole. As indicators or encoded. Gold or silver crosspoint contacts with ratings from 1 mA at .5VDC to 3 amps at 125VAC. Choice of termination, buttons, legends...you name it, Cherry's probably got it.

For a free colorful brochure of this dazzling new switch, phone or write today.
