

Here's an inexpensive way to give your existing products a face lift.

Our new snap-in pushbuttons fit standard rocker switch mounting holes. And they're available now, so you can use them to enhance your panel design *without costly restamping or re-cutting of the face panel.*

These new pushbuttons are available with all the circuits, terminations and

ratings found in our standard rocker switch line. Actuators can be hot-stamped, illuminated or color-coded to meet every need.

For more information, contact your Cutler-Hammer salesman or switch distributor. Or write for our new catalog of commercial switches. Eaton Corporation, Commercial Controls Division, 4201 N. 27th St., Milwaukee, WI 53216.

Snap our new Cutler-Hammer pushbutton into your plans. The switch is easy.
