DECORATIVE MOUNTS DRESS UP YOUR PANEL

It takes 20 pages to describe the broad Grayhill line of miniature pushbutton switches. We've highlighted a few series here, all characterized by high reliability over a long life span... some units rated up to 1,000,000 operations!

From off-the-shelf to off-the-wall

Standard switches are available off-the-shelf from Grayhill or its stocking distributors. Grayhill also offers a superior custom design capability when you have unusual circuitry, environmental usage, or size requirements. Need a pendant housing for remote switch operations? Or, recessed button guard to deter accidental actuation? Grayhill can customize a switch to your wildest application!

Get the switch specifier's bible:

The Grayhill Engineering Catalog No. 1 with detailed data on these and many more pushbutton switches, plus 140 more pages on rotaries, DIP's, keyboards, etc. Send today for your copy.
