

## When it comes to quality control

## we're years ahead of the competition.

2775.

That's the total number of years these Quality Assurance employees have been on the job. And it's a figure that speaks for itself.

Because they use that experience to help make sure every MICRO SWITCH product meets the toughest performance standards in the business. Ours.

That's the MICRO SWITCH commitment to quality. A commitment made by every department. Every day. It adds up to the kind of products your money can't buy anywhere else.

We team our fine people with the very latest equipment. They use everything from simple, hand-held ring gauges to ultra-sophisticated electronic devices. Plus an evaluation lab that duplicates almost any environmental condition.

And it's all used with the same thought in mind. To see to it every MICRO SWITCH product is exactly what our designers intended it to be.

You see, when you buy a MICRO SWITCH product, whether it's a keyboard, a position sensor or a manual control, you're buying more than just a component. You're buying a company.

A company with capabilities to help solve your problems. Whether through research and development. Innovation. Availability. Reliability. Or Quality Assurance.

MICRO SWITCH. Consider what it would cost to have anything less.

For more information, write for our Quality Assurance booklet. MICRO SWITCH, Freeport, Illinois 61032. Or call 815/235-6600.

MICRO SWITCH products are available worldwide through Honeywell International.
