

The UID collection goes on. And on. And on.

No matter what you manufacture, from computer peripherals to toys, UID offers you the best switch to turn it on. And if you don't find exactly what you need in the UID collection of rocker, toggle, slide, miniature, illuminated, or our newest PC-board mounted switches, UID can custom design the perfect

switch for your needs. Before you decide how to turn your product on, send off for UID's total collection catalog. Write or call UID Electronics Division, AMF Incorporated, 4105 Pembroke Road, Hollywood, Florida 33021, Telephone (305) 981-1211.
